

SAFETY BRIEFING

Gran Fondo Costa Almeria is an organization of Kortweg Cycling Travel in collaboration with Velofutur, with the approval of the Andalusian Cycling Federation. The race consists of 2 distances: 125km and 185km.

All participants declare to respect the Spanish road code, to cycle on the far right side of the road and to take the necessary safety precautions when crossing the road.

The Guardia Civil, who will guide the road during the GFCA and the MFCA, has the right to fine participants who disrespect the road code and to remove these participants from the race.

Each participant must have his own private accident insurance, general third party liability insurance and a medical insurance that covers damage in the event of an accident (see the signed registration form). The organization is at no time liable for any physical and/or material damage caused during the event, by own fault or caused by third parties.

For both distances the organization provides a car with "inicio carrera" and "fin carrera" (start of peloton & end of peloton) as well as an ambulance, riding after the last car. The Guardia Civil provides a number of motards and cars per group, assisted by a number of external motards to guarantee the maximum safety of the participants.

Between the first and the last motard of each group, the road is kept free of traffic, but every participant must obey the road code. The Guardia Civil itself determines the length of this distance. Participants who cycle after the last motard of the Guardia Civil do so entirely at their own risk.

After the last participant of the GFCA 2019 will also ride a car that can pick up participants, in case of technical breakdown. This car first completes the entire course of the GFCA 2019, and will afterwards drop of the participants at the start and finish zone.

Supplies are provided at various places (see framesticker).

Upon arrival you will receive a medal and finishers t-shirt.

We wish everyone a lot of cycling pleasure during the 2nd edition of the Gran Fondo Costa Almeria!
